FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF THE SECRETARY

Re: North Central Telephone Cooperative, Inc.
Supplement to the Petition for Waiver of Section 52.23(c)
of the Commission's Rules
Ex Parte Filing in CC Docket No. 95-116

Dear Ms. Dortch:

On September 24, 2003, North Central Telephone Cooperative, Inc. (the "Company") filed a Petition for Waiver of Section 52.23(c) of the Commission's Rules, seeking an extension of the November 24, 2003 date for implementation of number portability within a portion of its local exchange service territory ("Petition"). Subsequently, on November 10, 2003, the Commission released an order addressing wireline-wireless portability.¹ The Company respectfully provides this supplement in order to modify its Petition to seek a more limited extension until May 10, 2004.²

¹ See *In the Matter of Telephone Number Portability, CTIA Petition for Declaratory Ruling on Wireline-Wireless Porting Issues. Memorandum Opinion and Order and Further Notice of Proposed Rulemaking*, CC Docket No. 95-116, FCC 03-284 (rel Nov. 10, 2003) ("*Intermodal LNP Order*")

² In its Petition, the Company initially sought a one-year extension following clarification of its obligations. See Petition at n. 4 and accompanying text. Petitioner reiterates that in seeking an extension of time, it does not waive any of its legal rights with respect to the *Intermodal LNP Order*, including, without limitation, with respect to seeking relief from a court of competent jurisdiction with respect to the obligations imposed upon it by the *Intermodal LNP Order*.

Page Two

The Company is a rural telephone company and a 2% Carrier, as defined by the Act.³ The Company serves 16,532 access lines in the State of Tennessee, of which only 4,654 are located in Sumner County which is within the Nashville Tennessee MSA. The area served by the Company in Sumner County is extremely rural. The largest town in this area has a population of approximately 3000. The Company's switch is *not* located in one of the largest 100 MSAs; the switch serving the relatively few customers within the Nashville MSA also serves customers of the company located outside of the MSA.

As noted in its Petition, the Company has received requests from Sprint PCS and Verizon Wireless to support intermodal portability. Prior to the issuance of the Commission's November 10, 2003 Order, the Company responded to these requests and asked for affirmation that the ported number would be utilized in the same location.⁴ The carriers requesting portability did not respond to this request. Prior to the receipt of the requests for number portability from the wireless carriers, the Company had received no other requests for number portability, and, accordingly, had no basis for expending limited resources on the deployment of number portability. Given the totality of these circumstances, the Company filed the instant Petition based upon its understanding of the Commission's rules and regulations.

The Company hereby supplements its Petition and reports that Verizon Wireless has subsequently transmitted correspondence seeking a porting date of May 24, 2004. See Attachment 1. The Company has also received correspondence from AT&T Wireless seeking porting by the same date. See Attachment 2. After issuance of the *Intermodal LNP Order*, the Company reassessed its projected number portability deployment timetable and now believes that it will be able to complete deployment in the affected switches by May 10, 2004, six months after the issuance of the Commission's *Intermodal LNP Order* in which the Commission provided guidance of its intermodal porting requirements.⁵ In the total context of circumstances

³ 47 U.S.C. §§153(37) and 251(f)(2). The Company provides telephone exchange service, including exchange access, to fewer than 50,000 access lines and serves a study area of fewer than 100,000 access lines. See 47 U.S.C. §§153(37)(B) and (C). As of December 2002, approximately 188 million local telephone lines were in service nationwide. See "Federal Communications Commission Releases Study on Telephone Trends," FCC News Release (rel. Aug. 7, 2003). Accordingly, the Company's total access lines are far below the 2% threshold of 3.76 million access lines and the company qualifies as a "2% Carrier." See 47 U.S.C. §251(f)(2).

⁴ 47 U.S.C. § 153(30) (emphasis added).

⁵ The Company notes that its implementation schedule is dependent upon its switch vendor, and coordination and testing between it and the requesting wireless provider. While the implementation of the necessary switch changes will technically enable the provision of number portability, the Company notes that technical compliance with the directives of the *Intermodal LNP Order* regarding the treatment of calls from the Company's network to a number ported to a wireless carrier is technically reliant on the existence of an interconnection arrangement with the wireless carrier.

Marlene H. Dortch, Secretary
December 8, 2003
Page Three

surrounding the implementation of intermodal number portability, the Company has acted and continues to act in good faith to comply with the Commission's requirements.

Accordingly, the Company reiterates its request for a limited waiver of the November 24, 2003 deadline and modifies its initial Petition to further limit the extension of the deadline to May 10, 2004. This limited extension will serve the public interest by ensuring efficient deployment of resources and orderly and effective deployment of LNP in that portion of the Company's service area that falls within the Nashville MSA. Please contact the undersigned with any questions.

Respectfully submitted,

North Central Telephone Cooperative, Inc.

Re: Local Number Portability

Dear Tom Rowland:

The FCC has recently reiterated the pre-existing deadlines for local number porting for wireless and wireline carriers operating outside the Top 100 MSAs, effective May 24, 2004. Verizon Wireless Cellco Partnership d/b/a Verizon Wireless would like to begin to complete a Service Level Agreement (SLA) to ensure a smooth transition to number portability by establishing procedures to govern the exchange of information during the porting process. Specifically, an SLA would serve several purposes: memorialize the intercarrier communications processes that the two carriers intend to follow, capture appropriate porting center and trouble contacts, and contain the parties' agreement to successfully facilitate porting customers. If you have not already received a copy of our SLA, you can obtain one by contacting Sharon Canas at 925-279-6122 or email Sharon.Canas@VerizonWireless.com.

If negotiating an SLA is not possible in the next few weeks before the LNP deadline, Verizon Wireless's immediate concern is in obtaining, at minimum, a Trading Partner Profile (TPP). The TPP would provide basic factual information necessary to accomplish portability and would include those entities covered by the profile and any back-office or porting center contacts. Verizon Wireless plans to integrate this information into its information systems and also provide it to personnel staffing our porting center. Whether or not an SLA is ultimately executed, sharing this type of factual information is necessary to facilitate porting as well as fallout resolution. In this regard, we have enclosed a copy of the TPP with appropriate contact information.

Please include a response to this request along with a point of contact for provision of TPP information and/or SLA discussions in a letter or email addressed to the undersigned. Thank you for your immediate attention and cooperation.

Note: Each carrier shall make available a Porting Administration Group or Trouble Reporting contact on a 24x7x365 basis.

The Trouble Reporting Contacts may be amended from time to time by a carrier upon providing thirty (30) days' written notice to the other at the General Contact Information set forth in this Part A.

The carriers' contact information contained in this Trading Partner Profile is for the sole purpose of carrier-to-carrier communication and not for distribution to customers and/or end users.

Part C – Trouble Ticket Detail

For Verizon Wireless:

Information Required For Logging Trouble Tickets*

The following may be required for trouble reports:

- Carrier Name;
- Reporting Carrier organization;
- SPID and associated OCN(s),
- Point of Contact Name;
- Point of Contact Number;
- Porting Telephone Number/MDN;
- LRN;
- Time and Date of Port;
- Associated Error Codes;
- Description of Problem; and
- Other relevant data.

For Wireline Carrier B:

Information Required For Logging Trouble Tickets*

The following is proposed information for trouble reports:

- Carrier Name;
- Reporting Carrier organization;
- SPID and associated OCN(s);
- Point of Contact Name;
- Point of Contact Number;
- Porting Telephone Number/MDN;
- LRN;
- Time and Date of Port;
- Associated Error Codes;
- Description of Problem; and
- Other relevant data.

*Each carrier shall make available a Porting Administration Group or Trouble Reporting contact on a 24x7x365 basis.

The carriers contact information contained in this Trading Partner Profile is for the sole purpose of carrier-to-carrier communication and not for distribution to customers and/or end users.

Part D – Porting Validation Standards

For Verizon Wireless:

Information Required For Post-Paid Port Validation:

1. Billing Last Name
2. Business Name if no information for Billing Name
3. Five Digit Zip Code
4. SSN/Tax ID Number
5. Account Number if no SSN or Tax ID
6. Porting Telephone Number

Information Required for Pre-Paid Port Validation:

- 1 Porting Telephone Number
- 2 Password/PIN

For Wireline Carrier B:

Information Required For Post-Paid Port Validation:

Information Required for Pre-Paid Port Validation:

Note: Other than those mandatory data items set forth in Section 3.3.1 of the WICIS, the above shall be the only information which may be utilized by a carrier to this Trading Partner Profile to validate a port request for post-paid numbers. “Delay” or “denial” of ports between the carriers shall occur only in the event a carrier is unable to complete the validation of those validation elements expressly set forth above. Once validated, the Carriers shall be obligated to complete the porting transaction. Any variations or proposed changes in the agreed data fields noted above shall be communicated to the other carrier at the information provided in Part B.

North Central Tel Coop
PO Box 70
Lafayette, TN 37083

Dear F. Rowland,

AT&T Wireless Services, Inc. is requesting provisioning of portability with your company for end users outside the Top 100 MSAs by May 24th, 2004 in accordance with the FCC's Wireless Number Portability Orders.

Enclosed is a Bona Fide Request form with a list of markets *outside the Top 100 MSAs* in which AT&T Wireless Services, Inc. is requesting portability by May 24th, 2004. Please indicate on the form whether each of your switches in the markets on this list in which you operate is LNP capable. If a switch is not currently LNP-capable, pursuant to the FCC's rules and requirements and this Bona Fide Request, you must ensure that your switches in the markets on this list are LNP capable by May 24, 2004.

We request that you complete the attached form and return to the undersigned by December 4th, 2003.

Please do not hesitate to contact me if you have any questions.

Sincerely,

Suzy Nieman

Manager, Carrier Relations
